

Fine-Coax Wire Connector for Small Portable Devices

CONNECTOR

MB-0189-1

October 2008

FI-JK Series

RoHS Compliant

The FI-JK Series is a compact, low profile connector with a plug that can pass through a very small diameter hinge after harness assembly.

Features

- Plug side can pass through a 3.0mm dia. hinge after harness assembly (40 pos., 44 AWG)
- Mated dimensions;
34pos.: 3.7mm depth, 15.58mm width, 1.56mm height
40 pos.: 3.7mm depth, 17.38mm width, 1.34mm height
- Enhanced connection stability by 0.25mm effective contact length
- More stable connection with gold plated ground contact points on plug and receptacle
- Mis-mating prevention structure
- Noise resistance characteristic is enhanced by ground contact points not only on the sides but also in the connector center
- Applicable wire: compatible with 42 and 44 AWG fine-coaxial wire
- Supports automated mounting with embossed tape for receptacle
- Solder migration prevention structure with Ni barrier on receptacle

General Specifications

- No. of Contacts : 30, 34 pos.
- Pitch: 0.3mm
- Operating Temperature:
-40 Deg. C to +85 Deg. C
- Contact Resistance:
40m ohm max. (initial)
- Durability: 30 mating cycles
- Rated Current: AC, DC each 0.25A per pos.
- Rated Voltage: AC, DC each 50V per pos.
- Insulation Resistance: 100M ohm min.
- Dielectric Withstanding Voltage :
AC 100Vr. m.s per minute
- Applicable Wire: 42 to 44 AWG

Materials and Finishes

Component	Material / Finish
Receptacle (FI-JK**S-VF1*A)	
Contact	Copper alloy / Contact area Au plating over Ni, Terminal area Au flash plating over Ni
Shell	Copper alloy / Contact area Au plating over Ni
Side Shell	Copper alloy / Contact area Au plating over Ni
Insulator	Heat resistant plastic UL94V-0
Adsorption Cover	Stainless steel
Plug (FI-JK**C)	
Contact	Copper alloy / Contact area Au plating over Ni, Terminal area Au flash plating over Ni
Insulator	Heat resistant plastic UL94V-0
Plug / Base Ground Bar (FI-JK**C-BGB)	
Base Ground Bar	Copper alloy / Sn plating over Ni
Plug / Cover Ground Bar (FI-JK**C-CGB)	
Cover Ground Bar	Copper alloy / Sn plating over Ni
Plug / Cover Shell (FI-JK**C-SH1)	
Cover shell	Stainless steel / Au flash plating over Ni

Notice: Products shown in this leaflet are made for the applications listed below. However, if the above-mentioned products are to be used in aerospace devices, marine cable-connection devices, atomic power control systems, medical equipment for life-support systems, or any other specific application requiring extremely high reliability, please contact JAE for further information.

Recommended applications: computers, office machines, measuring devices, telecommunication devices (terminals, mobile devices), AV devices, household applications, FA devices, etc.
